- Call for FLAS East Asian Graduate Fellowship Applications  
(Summer Language Fellowships 2006)

Summer Fellowships: Applications are invited for summer fellowships for intensive language study of Chinese, Japanese, Korean, or Tibetan. Each award covers up to \$3600 for tuition and institution costs and a living stipend of \$2400. The amount of funding available varies from year to year. Last summer, seven awards were made. Summer fellowships are for intensive language study only; area studies courses, non-intensive language courses, and dissertation research does not qualify for summer awards. Students who are nominated for academic year fellowships may also apply for summer awards.

Summer fellowships may be used for either domestic (including UCSB) or foreign intensive language programs. Foreign programs must be recognized ones that are approved by the US Department of Education. Transportation subsidies of up to \$1000 may be available in addition to the funding described above, but the applicant must use a US based airline.

Current UCSB graduate students as well as newly admitted students (for Fall 2006) are eligible to apply for summer fellowships. Departments should inform their newly admitted students of this funding source. The application deadline is Friday, March 10, 2006. Students apply directly for the summer fellowships; no departmental nomination is required. However, the application should be accompanied by a letter of support from a faculty member. Application packets should include the following items:

- \*student transcript
- \*GRE scores
- \*a simple budget of expected expenses
- \*student's statement of purpose/plan of study, identifying the program to be enrolled in, inclusive dates, and the course(s) that will be taken
- \*one letter of recommendation from a faculty member

The last two items should address the role of the East Asian language in the student's academic goals. Nomination packets should be sent to Sally Foxen, FLAS Coordinator, Dept. of East Asian Languages and Cultural Studies.
