

We are located in the Humanities and Social Science building (HSSB), Room 2211.

You can park in lot # 27 with a parking permit (issued from ticket kiosks on the side of the lot), or part at a meter along the entrance road to the lot. Go through the glass front doors of HSSB and walk straight through this section of the building and out the back glass doors. You will see a staircase in front of you, take this to the second floor. Go in the second door on your left, labeled "2200".

We are the first office on the right, Room 2211. There is a sign outside the door.

Below is a map of the University with a green box around parking lot 27 and HSSB. A red circle indicates our office location.
